**UNITED STATES DISTRICT COURT
SOUTHERN DISTRICT OF TEXAS
HOUSTON DIVISION**

IN RE ALTA MESA RESOURCES, INC.
SECURITIES LITIGATION

Case No. 4:19-cv-00957

Judge George C. Hanks, Jr.

AMENDED JOINT TRIAL WORKSHEET¹

To make efficient use of trial time, each party is to provide the following information:

OPENING

Minutes Requested by Class Plaintiffs: 60
Minutes Requested by Defendant BCE: 45
Minutes Requested by Defendants AMR, Riverstone,
and the remaining Individual Defendants: 60

EVIDENCE

In the order that they will be called, list the witnesses to be called, the general subject matter to be covered with that witness, and the amount of time expected for direct and cross examination.

Witnesses who will be called by written or recorded deposition should be included in this section.

¹ This is subject to change as a result of Court rulings. The order witnesses are listed in below is preliminary only and is subject to change as the pre-trial and trial develops. Class Plaintiffs do not currently anticipate that any listed witness will need to testify by deposition because we understand that all will be available for live testimony (all parties reserve all rights if a witness becomes unavailable). All other time allocated by the court will become part of an estimated reserve, which the class plaintiffs will allocate to cross examination or otherwise as circumstances may require.

Defendants' witnesses and time estimates are likewise subject to change based on, for example, the Court's rulings and the Class Plaintiffs' presentation of their case in chief.
